[1] CPD points earned free from the restrictions set out in Clause 5.3 of the *CPD Guidelines.*

[2] In the calculation of the CPD attainment for the next CPD period, the CPD points carried forward from the previous CPD period will be counted **first**. After the deduction of the carried forward points, should the CPD points earned in that next CPD period exceed the remaining CPD points required to achieve the CPD attainment target of that period, the CPD points in excess could then be carried forward to the immediately succeeding CPD period, in accordance with Clauses 7.7 to 7.11 of the *CPD Guidelines*.
