Notes:

1. Since the relaxation of restrictions on alienation on 2nd July, 1999, FFSS flats are subject to 5-year restriction. During the restriction period, owners have to first offer the flats to the Housing Society (HS) and, if the HS does not exercise its option to buy back within 28 days, owners can sell in the open market after payment of premium. From the 3rd to the 5th year, there is an alternative channel to sell in the Secondary Market at negotiated price without payment. Only certain category of applicants (e.g., public housing tenants) are allowed to purchase in the Secondary Market. Both purchasers and flat owners have to obtain the relevant certificates from the HS before they could enter into binding agreements for sale and purchase.
2. After the 5-year period has expired, owners can sell in the open market after payment of premium without first offering to the HS.
3. SCHS flats are subject to 5-year resale restriction. During the restriction period, owners have to first offer the flats to the HS and, if the HS does not exercise its option to buy back within 28 days, owners can sell in the open market after payment of premium.
4. After the 5-year period has expired, owners can sell in the open market after payment of premium, without first offering to the HS.
