ESTATE AGENTS AUTHORITY

新聞稿  
Press Release

**Estate Agents Authority encourages licensees to provide  
support to the residents of Wang Fuk Court**

(27 December 2025) Professor Simon SIU Chak-yu, Chairman of the Estate Agents Authority (“EAA”), stated today that he has learned about recent instances where estate agents have offered free services to help victims of the Wang Fuk Court fire disaster find rental properties. He expressed sincere appreciation for these agents’ enthusiastic contributions to the society.

In addition, Professor SIU appreciated that many estate agents have also assisted the victims in various other ways, including making donations and providing professional advice. He encouraged more estate agents to do their part in helping more victims in need so that they can rebuild their homes as soon as possible.
