Annex B

IDENTITY VERIFICATION FORM

(for use where the customer is a corporation)

IMPORTANT NOTES

- 1. This form should be completed by the licensee serving the customer.
- 2. The information to be provided in this form is requested pursuant to Section 2 of Schedule 2 to the Anti-Money Laundering and Counter-Terrorist Financing Ordinance (Cap. 615) ("AMLO").
- 3. A beneficial owner in relation to a corporation is an individual who owns or controls, directly or indirectly, more than 25% of the issued share capital or voting rights, or who exercises ultimate control over the management of the corporation, or if the corporation is acting on behalf of another person, means the other person.
- 4. If the beneficial owner of the customer is one in relation to a partnership or trust, the licensee is required to refer to section 1(1) of Schedule 2 to the AMLO and make necessary changes to this form as appropriate.
- 5. The obligation to verify the identity of a beneficial owner is for the licensee to take **reasonable measures**, based on his assessment of the ML/TF risk, so that he/she is satisfied that he/she knows who the beneficial owner is, including measures to enable him/her to understand the ownership and control structure of the customer.
- 6. For companies with multiple layers in their ownership structures, whether incorporated in or outside Hong Kong, the intermediate layers of the companies should all be identified. The manner in which this information is collected should be determined by the licensee by, for example, obtaining a director's declaration annexing an ownership chart describing the intermediate layers (the information to

be included should be determined on a risk sensitive basis but should at least include the company name and place of incorporation). The objective should always be to follow the chain of ownership to the individuals who are the beneficial owners of the customer and verify the identity of those individuals. Apart from verifying the identity of the beneficial owners of the customers, licensees should also verify the information of each intermediate layer of the companies.

- If the customer or the beneficial owner of the customer involves companies with multiple layers in their ownership structures, the licensee is required to refer to para. 8 of Appendix D to Circular No. 23-01(CR) and make necessary changes to this form as appropriate.
- 8. Where the risk assessment has identified transactions that require enhanced customer due diligence, unless otherwise specified in Circular No. 23-01(CR), the licensee is required to take additional measures to establish the customer's and its beneficial owner's identity.
- 9. If the licensee finds that the customer's identity is suspicious, or suspects that a transaction is related to money laundering and/or terrorist financing or that the documents supplied are forgeries, he/she should make a suspicious transaction report to the Joint Financial Intelligence Unit (https://www.jfiu.gov.hk/en/index.html).
- 10. The words and expressions used in this form shall have, unless the context otherwise requires, the same meaning as those words and expressions have in Circular No. 23-01(CR).
- 11. A licensee should seek independent legal advice as he/she sees fit.
